Students with declared majors outside the College of Business may only work towards and earn ONE minor from the College of Business. The majors that are included in this limitation are:

- Accounting
- Computer Information Systems
- General Business
- Economics
- Entrepreneurship
- International Business
- Marketing
- Supply Chain Management

Students who are interested in more than one minor in the College of Business may select only one. Students may still double minor in minors outside the College of Business. Students should declare their minors as soon as possible so the Deans' Offices and DegreeWorks can track them.

### College of Business Rules

#### College of Business 3000/4000 course restrictions

Students who are not admitted to the College of Business may take a MAXIMUM of five business courses at the 3000/4000 level. The only exception to this rule is for any non-business major, concentration, or required minor that requires more than five of these courses.

Students must have a 2.0 GPA and 57 earned hours in addition to any course prerequisites in order to take FIN 3680, MGT 3630, MKT 3050, and POM 3650. All other 3000 level COB courses require a cumulative 2.0 GPA, junior standing (60 earned hours), and the individual course prerequisites.

Effective Fall 2013, all 4000-level business courses require a minimum grade of “C” in any Writing in the Discipline [WID] course. Also, these students must have senior standing (90 earned hours) and a minimum cumulative GPA of 2.0 in addition to any course prerequisites.

### Checking for Holds

Students should check for holds which may prevent registration by using the "Check Your Registration Status" link in AppalNET. Registration holds must be resolved with the appropriate office listed before they are allowed to register.
